ABOUT THE PROJECT

We focus on VR/AR technologies as engaging and effective training tools. Our objectives include:

Developing a comprehensive registry of training services for MBSS.

Enhancing job mobility across the European labor market.

Promoting microcredentials as a flexible and dynamic way to acquire credible confirmation of competency.

Promoting the use of VR/AR technology in the training process.

PARTNERS

Led by Syntea S.A. with partners from Poland, Cyprus, and Italy, the project enhances workforce mobility and competency-building across Europe.

ADAVANTAGES OF THE SOLUTION

■ **Comprehensive Registry:**

A specialized database for easy access to MBSS training.

■ **Interactive Platform:**

Connects providers, employers, and job seekers.

■ **International Accessibility:**

Training services from three countries, supporting cross-border mobility.

■ **Microcredential Integration:**

Recognized credentials for skills and competencies.

■ **Global Reach:**

Remote access to training programs worldwide.

WHO CAN BENEFIT?

■ **Students, Job seekers &, employees of MBSS:**
